

Junior Financial Analyst \$38/hr

This recent BCom grad brings internship experience as a financial analyst with a CPA firm. The role involved assessing operational risks and potential frauds; assisting with audit preparation; performing analysis on projects for management review; bookkeeping and general accounting.

She is a CFA level 11 candidate and is ideally hoping to continue her financial analyst career path.

She has strong software/technical skills and her references say she "goes the extra mile"; is "eager and hungry to learn"; "show her once and she gets it".
