

Senior Finance Manager \$90 to \$100K

This seasoned Senior Financial professional brings more than 12 years progressive experience as a Senior Accountant, Senior Financial Analyst and Accounting Manager. He has worked for well known companies in consumer goods and manufacturing sectors managing a team and handling the preparation of financial statements, performing sales analysis, budgeting and assisting with annual audits.

He has a BA, CGA and CPA designation and his references are superb; "a brilliant guy"; "made a big impact in a short amount of time"; "great people skills".

He is hoping to work in the west end, or close to Union station, for a stable company where he can contribute his past experience, and continue his own career progression.
